

# Catnic®

## Catnic® Urban

### Merchant Guide

Catnic — A Tata Steel Enterprise

# Catnic® Urban is a metal standing seam roofing and cladding system that complements both modern and contemporary builds.

Available in a range of colour options, the system offers a cost effective alternative to traditional copper and zinc. It is a fast snap lock system negating the need for labour intensive and costly seam closing.

# Key Benefits

Supplied as a full kit of parts, including the membrane with BBA approval

Available in 305mm or 514mm panel widths

25-year Confidex® home guarantee

A1 fire rated system available

Can fit a pitch to as low as 5°

7x lighter than traditional tiles

Available in 8 standard colours

Suitable for warm & cold roof build ups as well as curtain wall installations

Suitable for solar

**Customers will be assigned a scheduler and sales representative who will be available via email and telephone throughout the process.**

Please note that to raise a purchase order customers must first send final site measures for a schedule to be created. Orders can NOT be placed from the estimate.

# Buying Process

---

## Step 1

Use the online estimating tool to receive an estimate within minutes. The estimating tool will provide a list price quote, which can be sent directly to the customer without amendments. We will then apply your discount as a merchant when you place the order.

Scan here to start  
your estimate

---

## Step 2

If the customer is happy with the estimate, we then require final site measures to produce a schedule. Schedules are FREE of charge.

---

## Step 3

Contact the sales representative to place a reservation order and gauge lead times. Orders of standard colours have a lead time of 20 working days. Orders of non-standard colours can exceed this time frame.

## Routes to purchase

Catnic® Urban is available for purchase directly by the end user or through a merchant. Catnic® Urban can NOT be purchased through buying groups.

## Installation

A list of UK installers is available to customers upon request. Installers are trained and experienced, but NOT approved by Tata Steel UK Ltd. Tata Steel Ltd do not guarantee installation. The customer must contact their installer to establish the installation guarantee they offer.

## Tools required

- ✔ Stubai pliers
- ✔ Rubber mallet
- ✔ Eaves closer
- ✔ Flanging tool

Customers are able to purchase the entire tool kit for £300.

## Training

We offer a one-day, face-to-face installation course, enabling customers to install their own roofs. This course can be completed by individuals who have experience in roofing, at a cost of £96.
